Winfried has more than 25 years experience in capital markets, corporate finance and private equity, having worked with leading investment banks in New York, London, Frankfurt and Zurich. He led various multi-billion dollar privatizations, mergers and acquisitions and participated in various large-scale IPOs and public takeovers in Germany, Switzerland and Austria. Since founding Weigel Corporate Finance he advised on more than hundred transactions with a total transaction value of more than two billion dollars. He was also involved in forming various start-up companies, i.e., Telehouse Facilities AG, IntelliSite B.V., Mobilkom Austria AG, paybox Austria AG, Allamanda Networks AG, RCM Renewable Credit Management.

Winfried earned an undergraduate degree in Engineering from Karlsruhe Institute of Technology and a Diplom-Kaufmann degree (MBA) from Frankfurt university. He also studied law at Frankfurt university and earned a LL.M. at the Institute for Law and Finance. He wrote his doctoral thesis on modern finance theory and during that time participated in PH.D. classes at UCLA (Eduardo Schwartz) and the master program at the Anderson School of Management (Dan Galai, Michael Brennan, et. al.) at University of California, Los Angeles. He wrote his master thesis at the European Central Bank under the guidance of Marcel Fratzscher.

Before forming Weigel Corporate Finance, Winfried worked as an Executive Director and as a Managing Director at UBS Investment Banking in Zurich and Frankfurt, as an Executive Director at Warburg Dillon Read in London and as a Vice President at J.P. Morgan in London and New York.
